

# Two and Tens Times Tables

Write in the missing number in these jumbled up two and ten times tables

$1 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 40$

$10 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 20$

$5 \times 2 = \underline{\quad}$

$3 \times 10 = \underline{\quad}$

$11 \times 2 = \underline{\quad}$

$10 \times 10 = \underline{\quad}$

$12 \times 2 = \underline{\quad}$

$12 \times 10 = \underline{\quad}$

$4 \times 2 = \underline{\quad}$

$7 \times 10 = \underline{\quad}$

$9 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 90$

$2 \times 2 = \underline{\quad}$

$1 \times 10 = \underline{\quad}$

$8 \times 2 = \underline{\quad}$

$5 \times 10 = \underline{\quad}$

$6 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 110$

$7 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 60$

$3 \times 2 = \underline{\quad}$

$8 \times 10 = \underline{\quad}$
